

DEPARTMENT OF THE TREASURY
WASHINGTON, D.C.

January 17, 2018

Mr. Larry Cochran
Parish President
St. Charles Parish
P.O. Box 302
Hahnville, LA 70057

Dear Mr. Cochran:

We have reviewed the initial Multiyear Implementation Plan from St. Charles Parish submitted on December 18, 2017 and deemed complete on January 10, 2018. We find that the St. Charles Parish Multiyear Plan is complete and appears to conform to the RESTORE Act and regulations. As of the date of this letter, Treasury accepts St. Charles Parish's Multiyear Plan, which includes one project for \$390,283.56 of the estimated funds that are expected to be available in St. Charles Parish's allocation in the Gulf Coast Restoration Trust Fund (Trust Fund) with the April 2018 BP deposit. The Parish can begin to submit an application through GrantSolutions.gov for Direct Component funding to support the activity included in the accepted Multiyear Plan when all funds for this project become available to St. Charles Parish. We encourage you to refer to the Direct Component Funding Opportunity Announcements and Standard and Program-Specific Terms and Conditions on Treasury's RESTORE Act website at <http://www.treasury.gov/services/restore-act/> as you prepare a grant application.

We will post all accepted Multiyear Plans on Treasury's RESTORE Act website. In addition, please post the Multiyear Plan on your Parish website and provide us with the web address so we can include the link on the Treasury RESTORE Act website.

Treasury's acceptance of this Multiyear Plan is not a final determination of the eligibility of activities, projects, and programs for Direct Component funding and does not bind Treasury to obligate funds from the Trust Fund. The Parish must submit an application for Direct Component funding separately through GrantSolutions.gov. Treasury will review the application to determine if the requested funding complies with the RESTORE Act and regulations, and Federal law and policies on grants. Applicants may submit applications only to seek funds already available for distribution from the Trust Fund, in accordance with allocations established under the statute.

In the future, whenever there is a material change in the Multiyear Plan, St. Charles Parish must follow the requirements for an initial Multiyear Plan, including those for public review and comment. For more information, see the RESTORE Act Direct Component Guidance on the RESTORE Act website.

We look forward to working with you. Please send any questions to restoreact@treasury.gov.

Sincerely,

Laurie McGilvray
Program Director
Office of Gulf Coast Restoration
